

## INTELLECTUAL PROPERTY LAW

DRM provides a full range of patent opinion services for our clients, including:

- Patentability studies and formal patentability opinions.
- Product clearance studies and formal patent clearance opinions.
- State-of-the-art studies and formal state-of-the-art opinions.
- Infringement and non-infringement studies and formal non-infringement opinions.
- Validity and invalidity studies and formal invalidity opinions.

For further information regarding DRM's capabilities relating to patent opinion work, contact Practice Group Chair Larry Meier.

Related services include strategic patent counseling, patent preparation and prosecution services, transactional services, and patent litigation services.
